Thank you for your continued support, and we look forward to welcoming you to our new home!

1번

010 □□□ **valued** 소중한

Dear valued players,

011 ☐☐☐ **permission** 허락

012 ☐☐☐ **violate** 침해하다, 위반하다

Recently, we at Silver Lining Studio discovered that two songs in our "Behind the Frame" game soundtrack might have been used without permission from their creators, thus violating the rights of others' works.

013 ☐☐☐ **extend** (뜻을) 표하다

014 ☐☐☐ **apology** 사과

015 ☐☐☐ **sincerely** 진심으로

016 ☐☐☐ **regret** 유감스럽게 생각하다

017 ☐☐☐ **harm** 손해

018 ☐☐☐ **disappointment** 실망

We extend our deepest apologies for this matter and sincerely regret any harm or disappointment this may have caused to the original composers and all of you who play our game.

019 ☐☐☐ **intellectual property right** 지식 재산권

020 ☐☐☐ **immediate** 즉각적인

021 ☐☐☐ **address** 해결하다, 다루다

We understand the importance of respecting intellectual property rights and taking immediate steps to address this issue.

022 ☐☐☐ **promptly** 신속하게

The songs have been promptly removed from the game and related videos, and we promise to make sure this doesn't happen again.

023 ☐☐☐ **patience** 기다림, 인내

Thank you for your patience and continued support.

I took care of the phone calls and messages, and I even told everyone to think twice before putting any paper on your desk,"

053 □□□ **stare** 쳐다보다, 응시하다

054 □□□ **blankly** 멍하니

Surprised, Fiona stared blankly at Chandra.

055 □□□ **spray** 스프레이, 분무

056 □□□ **cough drop** 기침약

"And I bought throat spray and cough drops for you."

1번

057 □□□ **sink** (철령) 내려앉다, 가라앉다

Grear talking to my father in front of our house, my heart sank.

058 □□□ **newborn** 갓 태어난

My family lived in a very small town, and my best and only friends were our dog, Blackie, and her two newborn puppies.

059 □□□ **mention** 언급하다

060 □□□ **afford** (~할) 형편이 되다

My father had mentioned that we couldn't afford to keep them all and should find them new homes.

061 □□□ **overhear** 우연히 듣다

062 □□□ **catch** 이해하다, 알아듣다

I dashed toward the house to stop my father, but I overheard him saying, "You don't quite catch my meaning, Mr.

063 □□□ **frown** 얼굴을 찌푸리다

064 □□□ **perplexity** 당혹감

Grear frowned in perplexity.

065 □□□ **belong to** ~의 것이다

My father continued, "I'm saying there isn't any price on him because he belongs to my son.

066 □□□ **grin** 씩 웃다

When my eyes met his eyes, he simply grinned and I did the same.

2번

067 □□□ **falling-apart** 허물어져 가는

Sarah approached the old, falling-apart house.

068 □□□ **pound** (심장이) 쿵쾅거리다

069 □□□ **chest** 가슴

070 □□□ **hallway** 복도

Her heart was pounding in her chest as she imagined all the horrors that could be hiding in its dark hallways.

071 ☐☐☐ **gather** 모으다

072 ☐☐☐ **mysterious** 불가사의한

Sarah took a deep breath, paused for a moment, then gathered her courage to push open the squeaky door and enter the mysterious house.

073 ☐☐☐ **warmth** 따뜻함

074 ☐☐☐ **filter** 스며들다

075 ☐☐☐ **dusty** 먼지투성이인

076 ☐☐☐ **wash over** ~에게 밀려오다

As she stepped inside and felt the warmth of sunlight filtering through the dusty windows, a sense of wonder and interest washed over her.

077 ☐☐☐ **initial** 처음의

078 ☐☐☐ **melt away** 차츰 사라지다

079 ☐☐☐ **reveal** 드러내다

080 ☐☐☐ **unstoppable** 멈출 수 없는

081 ☐☐☐ **uncover** 알아내다

With each step, Sarah's initial fear melted away, revealing an unstoppable desire to uncover the secrets hidden within the walls of this old house.

082 ☐☐☐ **squeaky** 삐걱거리는

Sarah took a deep breath, paused for a moment, then gathered her courage to push open the squeaky door and enter the mysterious house.

3번

083 ☐☐☐ **wagon** 마차

The wagons full of young friends started arriving.

084 ☐☐☐ **host** 주인

Katie and Dolly were perfect hosts welcoming each guest.

085 ☐☐☐ **ingredient** 재료

Katie mixed all the ingredients for the taffy candy, while the young men carried in wood for the old cook stove.

086 ☐☐☐ **float** 퍼지다

She placed the ingredients in the huge iron frying pans, and soon the delicious smell of candy floated throughout the house.

087 ☐☐☐ **cheer** 환호성

088 ☐☐☐ **echo** 울려 퍼지다

When the candy finally formed the perfect ball, cheers of excitement and joy echoed through the kitchen.

089 ☐☐☐ **taffy** 태피(설탕을 녹여 만든 무른 사탕)

When everyone had arrived, they gathered in the kitchen for the taffy making.

090 ☐☐☐ **doneness** (요리의) 완성도, 잘된 정도

There was a glass of cold water for testing the doneness of the candy.

Analysis

091 ☐☐☐ **concept** 개념

092 ☐☐☐ **justice** 정의

The concept of justice is not the law in the narrow sense.

093 ☐☐☐ **principle** 원칙

094 ☐☐☐ **distribution** 분배

Rather, this principle involves ensuring that everyone benefits from treatment, as well as the distribution of access to it.

095 ☐☐☐ **diversity** 다양성

To apply this principle, we need to accept and value differences and diversity in our patients.

096 ☐☐☐ **fairness** 공정성

097 ☐☐☐ **recognise** 인정하다

Therefore, fairness and justice in this respect involves respecting and recognising their differences, not acting in a way that disadvantages the patient.

098 ☐☐☐ **advocate** 옹호하다

099 ☐☐☐ **on behalf of** ~을 대신하여

100 ☐☐☐ **philosophical** 철학적

101 ☐☐☐ **perspective** 관점

Importantly, justice is about advocating on behalf of all patients, whether they come in with a Western philosophical perspective or another philosophical perspective.

102 ☐☐☐ **complain** 고충, 불만

103 ☐☐☐ **ailment** 질병

Justice is not about treating all patients the same because it is not possible to justifiably treat all patients the same, since all patients are different and present with different ailments or complaints.

1번

104 ☐☐☐ **efficient** 효율적인

105 ☐☐☐ **sweeping** 포괄적인, 전면적인

106 ☐☐☐ **legislation** 법률, 법령

107 ☐☐☐ **enact** 법제화하다, 제정하다

Why have cities only recently seen a sudden increase in "greening" — from green roofs to new parks to tree planting to more energy efficient buses — despite the fact that sweeping federal environmental legislation was enacted more than 30 years ago?

108 ☐☐☐ **recognize** 인식하다

109 ☐☐☐ **resident** 주민

110 ☐☐☐ **compete** 경쟁하다

Quite simply, city leaders are recognizing that a cleaner environment is needed both to provide residents with a good quality of life and to compete in the global economy.

111 ☐☐☐ **manufacturing** 제조업

112 ☐☐☐ **transform** 변모시키다

America's manufacturing-based economy of the twentieth century has been transformed into a service-based knowledge economy.

113 ☐☐☐ **asset** 자산

For the information age economy, environmental quality is a major economic asset.

114 ☐☐☐ **aesthetically** 미적으로

Skilled workers are increasingly footloose, able to settle just about anywhere there is broadband Internet access, and they are drawn to healthy, aesthetically pleasing environments.

115 ☐☐☐ **trade-off** 상충 관계

Moreover, green cities are demonstrating that the alleged trade-off between jobs and the environment is a false dichotomy.

116 ☐☐☐ **footloose** 매인 데 없는

Skilled workers are increasingly footloose, able to settle just about anywhere there is broadband Internet access, and they are drawn to healthy. aesthetically pleasing environments.

117 ☐☐☐ **allege** 주장하다, 단언하다

118 ☐☐☐ **dichotomy** 이분법

Moreover, green cities are demonstrating that the alleged trade-off between jobs and the environment is a false dichotomy.

2번

119 ☐☐☐ **brevity** 간결함

120 ☐☐☐ **communicate** 전달하다

The brevity of memos can be wonderful, but you do need to make sure you communicate everything, or you'll just end up creating more work for yourself.

121 ☐☐☐ **practically** 사실상

122 ☐☐☐ **pointless** 무의미한

If you forget any of these details, your memo will be practically pointless.

123 ☐☐☐ **sacrifice** 희생시키다

124 ☐☐☐ **content** 내용

125 ☐☐☐ **brief** 간결한

As you can see, it's very important not to sacrifice the content of your memo simply because memos are normally brief.

126 ☐☐☐ **transmit** 전달하다, 전송하다

127 ☐☐☐ **omit** 빠뜨리다, 생략하다

128 ☐☐☐ **critical** 중요한

129 ☐☐☐ **for the sake of** ~을 위해

It's better to include all of the information you need to transmit than it is to omit critical details simply for the sake of making your message short.

130 □□□ **opt** 선택하다

If you can't fit all of the information you need into a memo, opt instead to write a letter or an e-mail.

3번

131 □□□ **relatively** 비교적

132 □□□ **uncontroversial** 논란의 여지가 없는

133 □□□ **structural** 구조적인

134 □□□ **functional** 기능적인

135 □□□ **contribute to** ~의 원인이 되다

136 □□□ **spatial** 공간의

137 □□□ **verbal** 언어의

It is relatively uncontroversial that there are small structural and functional differences between male and female brains, perhaps contributing to some performance differences on tests of spatial and verbal abilities.

138 □□□ **overlook** 간과하다

139 □□□ **outweigh** (~보다) 더 중요하다

Of paramount importance, but usually overlooked, is that similarities between the sexes far outweigh differences: differences between men and women are not as large as differences among members of the same sex.

140 □□□ **suggestive** 암시적인

141 □□□ **abound** 많다, 풍부하다

142 □□□ **fundamentally** 근본적으로, 본질적으로

Even those scientists who have discovered functional performance differences between the brains of males and females are careful to point out that their research is tentative and suggestive, and that while their research attends to differences, similarities abound: "Fundamentally, the brains of men and women are more similar than different."

143 □□□ **paramount** 최고의

Of paramount importance, but usually overlooked, is that similarities between the sexes far outweigh differences: differences between men and women are not as large as differences among members of the same sex.

144 □□□ **tentative** 잠정적인

Even those scientists who have discovered functional performance differences between the brains of males and females are careful to point out that their research is tentative and suggestive, and that while their research attends to differences, similarities abound: "Fundamentally, the brains of men and women are more similar than different."

MEMO

Analysis

145 ☐☐☐ **order** 질서, 순서

146 ☐☐☐ **economist** 경제학자

147 ☐☐☐ **random** 무작위의

"Human nature likes order," wrote the economist Burton Malkiel in his seminal book A Random Walk Down Wall Street.

148 ☐☐☐ **popularize** 대중화하다, 보급하다

149 ☐☐☐ **essentially** 본질적으로

Malkiel popularized the idea that the movement of any individual stock in the market is essentially random — it's impossible to know why a stock is doing what it's doing.

150 ☐☐☐ **reliably** 확실하게

151 ☐☐☐ **diverse** 다양한

152 ☐☐☐ **portfolio** 포트폴리오, 자산

153 ☐☐☐ **investment** 투자

154 ☐☐☐ **principle** 원칙

155 ☐☐☐ **eventually** 결국

People who reliably make money from the market are those who own a diverse portfolio of different kinds of investments, which spreads out the risk, with the broader principle that the market, over the long haul, will eventually increase in value.

156 ☐☐☐ **bet** 돈을 걸다, 내기를 걸다

157 ☐☐☐ **gambling** 도박

Picking individual stocks, or betting on certain trends, is much closer to gambling than science.

158 ☐☐☐ **make a killing** 큰돈을 벌다

Which is why we shouldn't be too surprised that a cat is just as likely to make a killing on Wall Street as a day trader.

159 □□□ **seminal** 영향력이 큰

"Human nature likes order," wrote the economist Burton Malkiel in his seminal book A Random Walk Down Wall Street.

160 □□□ **stock** 주식

Malkiel popularized the idea that the movement of any individual stock in the market is essentially random — it's impossible to know why a stock is doing what it's doing.

161 □□□ **over the long haul** 장기간에 걸쳐

People who reliably make money from the market are those who own a diverse portfolio of different kinds of investments, which spreads out the risk, with the broader principle that the market, over the long haul, will eventually increase in value.

1번

162 □□□ **twisting** 구불구불한

In the complex story of nature's ways, people exploring the wild's twisting paths often discover themselves caught in dangerous situations.

163 □□□ **cougar** 쿠거(아메리카 대륙의 대형 고양잇과 동물)

In Oregon's forests in 1995, a man was found dead, initially blamed on a cougar, but subsequent investigation revealed otherwise.

164 □□□ **infrequency** 드묾

165 □□□ **considerable** (양이) 상당한

166 □□□ **accumulated** 누적된, 쌓여 있는

167 □□□ **wilderness** 야생

168 □□□ **aggressor** 공격자

169 □□□ **tragic** 비극적인

Despite the infrequency, there are a considerable number of accumulated instances where these guardians of the wilderness become aggressors, resulting in tragic outcomes for unsuspecting explorers.

170 ☐☐☐ **remarkable** 놀라운

Yet amid these serious situations, a remarkable turn of events occurs, like unexpected notes in a familiar song.

171 ☐☐☐ **initially** 처음에

172 ☐☐☐ **subsequent** 후속의, 뒤의

In Oregon's forests in 1995, a man was found dead, initially blamed on a cougar, but subsequent investigation revealed otherwise.

173 ☐☐☐ **comparable** 비슷한, 동등한

174 ☐☐☐ **suspicion** 의심

Similarly, in 2015, a comparable incident occurred, with initial suspicions falling on a nearby wolf pack.

175 ☐☐☐ **apparent** 분명한

176 ☐☐☐ **bystander** 구경꾼, 방관자

However, upon closer investigation, it became apparent that the wolves were innocent bystanders in the man's tragic fate, emphasizing the complexity inherent in such wilderness tragedies.

177 ☐☐☐ **formidable** 무시무시한

Bears, cougars, and other wild animals sometimes remind us of their formidable presence.

178 ☐☐☐ **inherent** 내재한

However, upon closer investigation, it became apparent that the wolves were innocent bystanders in the man's tragic fate, emphasizing the complexity inherent in such wilderness tragedies.

2번

179 ☐☐☐ **architect** 건축가

More important, competitions oblige the architect to work in a vacuum.

180 ☐☐☐ **competition** 공모전, 대회

181 ☐☐☐ **practical** 현실적인

On a practical level, competitions are extremely expensive: entering a large competition can cost millions of dollars.

182 ☐☐☐ **oblige ~ to ...** ~에게 …하도록 강요하다

183 ☐☐☐ **in a vacuum** 외부와 단절된 상태에서

More important, competitions oblige the architect to work in a vacuum.

184 ☐☐☐ **refuse** 거부하다

185 ☐☐☐ **emerge** 나오다

186 ☐☐☐ **considered** 신중한

187 ☐☐☐ **client** 의뢰인, 고객

Pei refused to enter competitions, since he considered that the best architecture could emerge only from a considered dialogue between architect and client.

188 ☐☐☐ **recognize** 인정하다

189 ☐☐☐ **privilege** 특권을 부여하다

Nevertheless, the public favors competitions, since they provide an opportunity for young talent to be recognized in a field that tends to privilege age and experience.

190 ☐☐☐ **fund-raiser** 기금 모금자

191 ☐☐☐ **raise** 높이다

Clients like competitions, since they provide an opportunity to choose between several designs — and several architects — while fund-raisers use competitions as a way to raise public interest in a building project.

192 ☐☐☐ **horse race** 경마

Everyone loves a horse race — except, perhaps, the horses.

193 ☐☐☐ **ambivalent** 상반된 감정을 가진

Architects are ambivalent about competitions.

194 □□□ **conduct** 실시하다, 시행하다

In an experiment conducted by Antoine Bechara, participants were given $2,000 in play money and four decks of cards and were told that they were to use them in a game.

195 □□□ **random** 무작위의

But the cards were not random.

196 □□□ **profitable** 이득이 되는

In fact, some of the piles were far more profitable than others.

197 □□□ **conscious** 의식적인

On average, it took the gamblers around fifty card-turns before they began to report a conscious 'hunch' that some of the decks were more profitable.

198 □□□ **analyse** 분석하다

199 □□□ **remarkable** 놀라운

But when their behaviour was analysed, Bechara discovered something remarkable.

200 □□□ **measurement** 측정(치)

201 □□□ **reveal** 드러내다

202 □□□ **indicate** 나타내다

203 □□□ **subtly** 미묘하게

Measurements of the electrical conductance of their skin, which can reveal levels of anxiety and nervousness, indicated that their emotions were subtly warning them against the bad decks after just ten turns.

204 □□□ **deck** (카드의) 한 벌

In an experiment conducted by Antoine Bechara, participants were given $2,000 in play money and four decks of cards and were told that they were to use them in a game.

205 □□□ **hunch** 직감, 예감

On average, it took the gamblers around fifty card-turns before they began to report a conscious 'hunch' that some of the decks were more profitable.

206 □□□ **conductance** (전기나 열의) 전도도

Measurements of the electrical conductance of their skin, which can reveal levels of anxiety and nervousness, indicated that their emotions were subtly warning them against the bad decks after just ten turns.

207 □□□	**introduction**	도입
208 □□□	**medical practice**	의료 행위
209 □□□	**transform**	바꿔 놓다, 변형시키다
210 □□□	**profession**	(전문적인) 직업[직종]
211 □□□	**object**	목적, 목표

The introduction of scientific methods into medical practice transformed the profession as well as its object.

212 □□□	**comfort**	위안, 위로

Until the late nineteenth century, doctors were not required to have studied medicine and were relied on mainly to provide comfort and guidance to their patients.

213 □□□	**general public**	일반 대중
214 □□□	**grant**	부여하다, 승인하다

As a result of this access to forms of knowledge beyond the understanding of the general public, more authority and power was granted to the medical profession, and the nature of the doctor/patient relationship changed.

215 □□□	**alternative**	대체의, 대안적인
216 □□□	**result in**	~이라는 결과를 낳다
217 □□□	**elevation**	상승, 승격
218 □□□	**persist**	지속되다
219 □□□	**homeopath**	유사 요법 의사
220 □□□	**midwife**	조산사

Additionally, those doctors with scientific training were now distinguished from a range of alternative healers, from homeopaths to midwives, resulting in an elevation in the eyes of the public of the status of the profession as compared with other healing practices, which persists today.

221 ☐☐☐ **spawn** 알을 낳다

222 ☐☐☐ **head** 나아가다

For millions of years, sea turtles would come to the beaches of Florida to spawn and their hatchlings would head toward the sea — to live a life far away — and to return to Florida years later.

223 ☐☐☐ **reflect** 반사하다

The sea beautifully reflects the light of the moon and the stars, and for millions of years, a simple algorithm of "head toward the light at night" allowed the turtles to effectively head toward the sea to pursue an effective life strategy.

224 ☐☐☐ **coast** 해안가

225 ☐☐☐ **ecological** 생태학적인

226 ☐☐☐ **disaster** 재앙, 불행

Miami and the other big cities on the coast of Florida are filled with lots of bright lights at night, so this led to an ecological disaster for the sea turtles.

227 ☐☐☐ **shape** 만들다, 형성하다

228 ☐☐☐ **evolution** 진화

229 ☐☐☐ **premature** 때 이른

230 ☐☐☐ **sea-dwelling** 바다에 사는

Shaped by evolution to head toward light at night, hatchlings started toward the highways and cities by the millions — meeting premature death instead of a long sea-dwelling life.

231 ☐☐☐ **hatchling** 갓 부화한 새끼

For millions of years, sea turtles would come to the beaches of Florida to spawn and their hatchlings would head toward the sea — to live a life far away — and to return to Florida years later.

232 ☐☐☐ **glimmer** 희미하게 빛나다

It turns out that the way the young turtles knew to head toward the direction of the ocean was based on light glimmering off the sea at night.

253 ☐☐☐ **arguably** 거의 틀림없이, 주장하건대

254 ☐☐☐ **at a profit** 이윤을 남기고

Perhaps precisely due to the proliferation of trash in material space, it has arguably also become a resource — something that has value and can be sold on at a profit.

255 ☐☐☐ **leading edge** 최첨단, 맨 앞쪽

256 ☐☐☐ **rethink** 재고하다

257 ☐☐☐ **materiality** 물질성

Artists — most often at the leading edge of rethinking materiality, value, and beauty — are among the first social actors to have taken seriously the possibility of reusing trash to make new things.

올림포스 05

258 □□□ **discard** 버리다

259 □□□ **object** 물건, 대상

260 □□□ **aesthetic** 미적인

261 □□□ **commentary** 논평

Taking the discarded objects of others as found materials, many artists work with trash in order to create new aesthetic objects while at the same time making a commentary on the place of trash in the social and cultural world.

262 □□□ **detritus** 부산물

Traditionally, garbage is considered the detritus of consumer and industrial practices.

263 □□□ **proliferation** 급증

Perhaps precisely due to the proliferation of trash in material space, it has arguably also become a resource — something that has value and can be sold on at a profit.

Analysis

351 ☐☐☐ **critic** 비평가

352 ☐☐☐ **party** 정당

353 ☐☐☐ **proportional representation** 비례 대표제

Critics sometimes worry that by making it easier for small parties to win seats, proportional representation will encourage the growth of extremist groups standing on hateful or anti-democratic platforms.

354 ☐☐☐ **committed to** ~에 전념하는

355 ☐☐☐ **liberal** 자유주의의

Of course, no one committed to liberal and democratic values wants to see these kinds of parties taking seats in the legislature.

356 ☐☐☐ **exclude** 배제하다, 제외하다

But it would be wrong to rig our political system to exclude them just because we disagree with their views.

357 ☐☐☐ **vent** 배출구, 발산

358 ☐☐☐ **populist** 대중 영합주의의, 포퓰리스트의

360 ☐☐☐ **incentive** 동기, 유인

361 ☐☐☐ **mainstream** 주류의

362 ☐☐☐ **address** 처리하다, 다루다

Proportional voting systems provide a democratic vent for populist anger and discontent, creating clear incentives for mainstream parties to address underlying social problems and to win back votes.

363 □□□ **specific** 특정한, 구체적인

364 □□□ **overlook** 간과하다

We also have to remember that small parties can play a value role in highlighting specific issues that have been overlooked, as has often been the case with 'Green' parties.

365 □□□ **overall** 전반적인

366 □□□ **tendency** 경향

In any case, the European experience suggests that there is no overall tendency for extremist parties to increase their numbers over time under proportional systems.

367 □□□ **legislature** 주 의회, 입법부

Of course, no one committed to liberal and democratic values wants to see these kinds of parties taking seats in the legislature.

368 □□□ **rig** 조작하다

379 ☐☐☐ **prop** 소품

He uses the doctor kit or kitchen playthings as props to support his actions while he plays.

380 ☐☐☐ **verbalization** 발화(언어로 표현)

As he becomes familiar with other people and their roles, he may imitate them with the actions and verbalizations of a grocer, waiter, or firefighter.

2번

381 ☐☐☐ **regulate** 조절하다

382 ☐☐☐ **internalize** 내면화하다

People are inherently social creatures, and in order to connect and regulate their social interactions, they must internalize their cultures.

383 ☐☐☐ **vehicle** 수단, 매개물, 탈것

Indeed, language is the vehicle through which we learn about our social world, discover its rules and values, and express our personal natures, allowing us to connect with others, both in relationships of exchange and of caring.

384 ☐☐☐ **unify** 통합하다, 통일하다

385 ☐☐☐ **tongue** 언어, 말

As far back as the origins of human history, groups of individuals sharing a common culture and language made contact with other groups, each unified by their own shared tongue.

386 ☐☐☐ **ably** 능숙하게

387 ☐☐☐ **facilitate** 원활히 진행하다

388 ☐☐☐ **multilingual** 다국어를 구사하는

Of great value was anyone who could ably facilitate those intergroup contacts — those people who were multilingual.

389 ☐☐☐ **interconnected** 상호 연결된

Today we humans exist in a globally interconnected world.

390 ☐☐☐ **transact** 교류하다, 거래하다

We can transact with people from anywhere in seconds through the internet, or visit them through rapid means of travel, and in doing so experience a bit of their cultures.

391 ☐☐☐ **inherently** 본질적으로

People are inherently social creatures, and in order to connect and regulate their social interactions, they must internalize their cultures.

3번

392 ☐☐☐ **irresistible** 매우 매력적인, 억누를 수 없는

393 ☐☐☐ **commit to** ~에 전념하다

394 ☐☐☐ **motivational** 동기 부여가 되는

To make art and design irresistible, the teacher must commit to providing opportunities that incite feelings of surprise and, thus motivational discovery and learning.

395 ☐☐☐ **practitioner** 종사자

396 ☐☐☐ **tempting** 매력적인

This teaching approach is exciting — it allows the practitioner to consider what is tempting in learning, what drives an individual to find out and discover.

397 ☐☐☐ **accordingly** 그에 맞게

The teacher needs to remember what it is about learning that makes it irresistible, and then design their lessons, their spaces of learning and their teaching materials accordingly.

398 ☐☐☐ **conform** 따르다

399 ☐☐☐ **instructional** 교육적인

400 ☐☐☐ **target-bound** 목표에 얽매인

401 ☐☐☐ **paradigm** 패러다임

This is not teaching that rigidly conforms to an instructional, target-bound paradigm.

402 ☐☐☐ **ceiling** 한계, 천장

403 ☐☐☐ **operate** 작동하다

It is essential to provide classrooms that have no ceiling when creative minds are operating and finding out.

404 ☐☐☐ **incite** 불러일으키다

To make art and design irresistible, the teacher must commit to providing opportunities that incite feelings of surprise and, thus motivational discovery and learning.

405 ☐☐☐ **pervade** 고루 미치다

Classrooms of young children should be alive, dynamic and changeable, encouraged by a theme of the moment or an interest that pervades children's imaginations.

005 ☐☐☐ **vending machine** (자동) 발매기, 판매기

The station had traditional ticket offices with staff before, but these have been replaced with ticket vending machines.

006 ☐☐☐ **individual** 사람, 개인

007 ☐☐☐ **unfamiliar** 익숙하지 않은, 낯선

However, individuals who are unfamiliar with these machines are now experiencing difficulty accessing the railway services.

008 ☐☐☐ **access** 접근하다; 접근

With the staff back in their positions, many people would regain access to the railway services.

009 ☐☐☐ **railway** 철도 (선로)

However, individuals who are unfamiliar with these machines are now experiencing difficulty accessing the railway services.

010 ☐☐☐ **heavily** 크게, 몹시, 심하게

011 ☐☐☐ **rely on** ~에 의존하다

012 ☐☐☐ **assistance** 도움, 지원

Since these individuals heavily relied on the staff assistance to be able to travel, they are in great need of ticket offices with staff in the station.

013 ☐☐☐ **urge** (강력히) 촉구[권고]하다

Therefore, I am urging you to consider reopening the ticket offices.

014 ☐☐☐ **position** 자리, 제자리

With the staff back in their positions, many people would regain access to the railway services.

015 ☐☐☐ **look forward to** ~을 기대하다

016 ☐☐☐ **prompt** 신속한, 재빠른

017 ☐☐☐ **positive** 긍정적인

018 ☐☐☐ **resolution** 해결, 해답

I look forward to your prompt attention to this matter and a positive resolution.

19번

019 ☐☐☐ **immediately** 즉각, 즉시

020 ☐☐☐ **approach** 다가가다[오다]

021 ☐☐☐ **beat** (심장이) 뛰다, 고동치다

Jeevan immediately approached Arthur and found his heart wasn't beating.

022 ☐☐☐ **silently** 조용히

023 ☐☐☐ **glance** 흘긋 보다

Jeevan worked silently, glancing sometimes at Arthur's face.

024 ☐☐☐ **swiftly** 재빠르게, 신속하게

025 ☐☐☐ **kneel** 무릎을 꿇다

026 ☐☐☐ **chest** 가슴, 흉부

Moments later, an older man in a grey suit appeared, swiftly kneeling beside Arthur's chest.

027 □□□ **announce** 전하다, 알리다

028 □□□ **calm** 차분한, 침착한

He announced with a calm voice.

029 □□□ **wipe ~ off...** …에서 ~을 닦아내다[없애다]

Jeevan wiped the sweat off his forehead.

030 □□□ **combined efforts** 협력

With combined efforts, Jeevan and Dr.

031 □□□ **revive** 소생[회복]시키다

Jacobi successfully revived Arthur.

032 □□□ **think to oneself** 자신에게 되뇌다, 마음속으로 생각하다

Finally, Jeevan was able to hear Arthur's breath again, thinking to himself, "Thank goodness.

20번

033 □□□ **gifted child** 영재

034 □□□ **be aware of** ~을 주의하다, 알아차리다

035 □□□ **certain** 어떤, 어느

036 □□□ **common** 흔한

037 □□□ **trap** 덫, 올가미

As the parent of a gifted child, you need to be aware of a certain common parent trap.

038 □□□ **remarkable** 놀라운, 주목할 만한

039 □□□ **behavior** 행동, 행위

While it is very easy to talk nonstop about your little genius and his or her remarkable behavior, this can be very stressful on your child.

040 □□□	**extremely**	매우, 몹시
041 □□□	**brag**	자랑하다[떠벌리다]

It is extremely important to limit your bragging behavior to your very close friends, or your parents.

042 □□□	**pressure**	(정신적) 부담, 압박
043 □□□	**show ~ off**	~을 자랑하다

Gifted children feel pressured when their parents show them off too much.

044 □□□	**expectation**	기대
045 □□□	**live up to**	(기대 등)에 부응하다
046 □□□	**sense of self**	자의식

This behavior creates expectations that they may not be able to live up to, and also creates a false sense of self for your child.

047 □□□	**define**	규정하다, 분명히 밝히다
048 □□□	**incredible**	엄청난, 굉장한
049 □□□	**achievement**	업적, 성취

You want your child to be who they are, not who they seem to be as defined by their incredible achievements.

050 □□□	**end up with**	결국 ~하게 되다
051 □□□	**driven**	지나친, 의욕이 넘치는
052 □□□	**perfectionist**	완벽주의자
053 □□□	**drop-out**	학업 중단자

If not, you could end up with a driven perfectionist child or perhaps a dropout, or worse.

21번

054□□□	**valuable**	(매우) 유용한, 유익한
055□□□	**get out of**	~에서 벗어나다
056□□□	**helplessness**	무력함
057□□□	**depression**	우울감
058□□□	**predominantly**	현저히
059□□□	**run**	지배하다
060□□□	**resolve**	(문제 등을) 해결하다
061□□□	**struggle**	분투하다, 투쟁하다

One valuable technique for getting out of helplessness, depression, and situations which are predominantly being run by the thought, "I can't," is to choose to be with other persons who have resolved the problem with which we struggle.

062□□□	**self-help**	자조(自助), 자립

This is one of the great powers of self-help groups.

063□□□	**negative**	부정적인
064□□□	**state**	상태

When we are in a negative state, we have given a lot of energy to negative thought forms, and the positive thought forms are weak.

065□□□	**vibration**	진동, 떨림
066□□□	**energize**	활기 띠게 하다, 활발하게 하다

Those who are in a higher vibration are free of the energy from their negative thoughts and have energized positive thought forms.

067□□□	**merely**	단지, 그저
068□□□	**presence**	있음, 존재
069□□□	**beneficial**	유익한, 이로운

Merely to be in their presence is beneficial.

070 ☐☐☐ **hang out (with)** ~와 어울리다

In some self-help groups, this is called "hanging out with the winners.

071 ☐☐☐ **psychic** 정신적인, 심적인

072 ☐☐☐ **consciousness** 의식, 자각

073 ☐☐☐ **transfer** 전달, 이전, 이동

074 ☐☐☐ **relight** 재점화하다, 다시 점화하다

075 ☐☐☐ **latent** 잠재적인

The benefit here is on the psychic level of consciousness, and there is a transfer of positive energy and relighting of one's own latent positive thought forms.

22번

076 ☐☐☐ **exist** 존재하다, 실재하다

077 ☐☐☐ **contribute to** ~에 기여하다

078 ☐☐☐ **survival** 생존

079 ☐☐☐ **species** 종(種)

Our emotions are thought to exist because they have contributed to our survival as a species.

080 ☐☐☐ **scare off** (겁을 주어) ~을 쫓아내다

Fear has helped us avoid dangers, expressing anger helps us scare off threats, and expressing positive emotions helps us bond with others.

081 ☐☐☐ **threat** 위협, 협박

For example, fear makes us very attentive, narrows our perceptual focus to threatening stimuli, will cause us either to face a situation (fight) or avoid it (flight), and may cause us to remember an experience more acutely (so that we avoid the threat in the future).

082 ☐☐☐ **bond** 유대하다, 유대감을 형성하다

Fear has helped us avoid dangers, expressing anger helps us scare off threats, and expressing positive emotions helps us bond with others.

083□□□	**evolutionary**	진화적인
084□□□	**perspective**	관점, 시각
085□□□	**a kind of**	일종의
086□□□	**trigger**	~를 유발하다, 일으키다
087□□□	**direct**	지시[명령]하다
088□□□	**perception**	지각

From an evolutionary perspective, an emotion is a kind of "program" that, when triggered, directs many of our activities (including attention, perception, memory, movement, expressions, etc.).

089□□□	**attentive**	주의 깊은, 세심한
090□□□	**narrow**	좁히다
091□□□	**perceptual**	지각의
092□□□	**threatening**	위협적인, 협박하는
093□□□	**stimulus**	자극 (pl. stimuli)
094□□□	**face**	정면으로 대하다, 직면하다
095□□□	**flight**	도피, 도주
096□□□	**acutely**	강렬하게

For example, fear makes us very attentive, narrows our perceptual focus to threatening stimuli, will cause us either to face a situation (fight) or avoid it (flight), and may cause us to remember an experience more acutely (so that we avoid the threat in the future).

097□□□	**regardless of**	(~와는) 관계없이
098□□□	**specific**	구체적인, 특정한
099□□□	**activate**	활성화하다
100□□□	**possess**	소유하다, 보유하다

Regardless of the specific ways in which they activate our systems, the specific emotions we possess are thought to exist because they have helped us (as a species) survive challenges within our environment long ago.

101 □□□	**adapt**	(상황에) 적응하다
102 □□□	**evolve**	진화[발달]하다

If they had not helped us adapt and survive, they would not have evolved with us.

23번

103 □□□	**accessibility**	접근성
104 □□□	**typically**	일반적으로, 보통
105 □□□	**disadvantage**	불리한 위치[상황]
106 □□□	**labour market**	노동 시장
107 □□□	**inclusiveness**	포괄성

By improving accessibility of the workplace for workers that are typically at a disadvantage in the labour market, AI can improve inclusiveness in the workplace.

108 □□□	**assistive device**	보조 장치
109 □□□	**aid**	돕다
110 □□□	**visual**	시각의
111 □□□	**widespread**	널리 보급된, 광범위한
112 □□□	**disability**	장애

AI-powered assistive devices to aid workers with visual, speech or hearing difficulties are becoming more widespread, improving the access to, and the quality of work for people with disabilities.

113 □□□	**recognition**	인식, 알아봄
114 □□□	**captioning**	자막 (넣기)
115 □□□	**facilitate**	용이하게 하다
116 □□□	**colleague**	동료
117 □□□	**inter-personal**	대인의, 대인 관계의

For example, speech recognition solutions for people with dysarthric voices, or live captioning systems for deaf and hard of hearing people can facilitate communication with colleagues and access to jobs where interpersonal communication is necessary.

118 □□□	**enhance**	향상시키다, 높이다
119 □□□	**capability**	능력, 역량
120 □□□	**potentially**	잠재적으로
121 □□□	**wage**	임금, 급료
122 □□□	**prospects**	(성공할) 전망

AI can also enhance the capabilities of low-skilled workers, with potentially positive effects on their wages and career prospects.

123 □□□	**capacity**	능력
124 □□□	**translate**	번역[통역]하다
125 □□□	**non-native speaker**	비원어민

For example, AI's capacity to translate written and spoken word in real-time can improve the performance of nonnative speakers in the workplace.

126 □□□	**generator**	생성기, 발생기
127 □□□	**instantly**	즉시, 즉각
128 □□□	**domain**	영역, 분야; 범위

Moreover, recent developments in AI-powered text generators can instantly improve the performance of lower-skilled individuals in domains such as writing, coding or customer service.

129 ☐☐☐ **dysarthric** (신경 장애로 인한) 구음(構音) 장애의

For example, speech recognition solutions for people with dysarthric voices, or live captioning systems for deaf and hard of hearing people can facilitate communication with colleagues and access to jobs where interpersonal communication is necessary.

24번

130 ☐☐☐ **efficient** 효율적인, 능률적인

131 ☐☐☐ **carbon storage** 탄소 저장

Whales are highly efficient at carbon storage.

132 ☐☐☐ **carbon dioxide** 이산화 탄소

133 ☐☐☐ **atmosphere** 대기, 공기

When they die, each whale sequesters an average of 30 tons of carbon dioxide, taking that carbon out of the atmosphere for centuries.

134 ☐☐☐ **comparison** 비교, 비유

For comparison, the average tree absorbs only 48 pounds of CO2 a year.

135 ☐☐☐ **average** 평균적인

When they die, each whale sequesters an average of 30 tons of carbon dioxide, taking that carbon out of the atmosphere for centuries.

136 ☐☐☐ **absorb** 흡수하다[빨아들이다]

For comparison, the average tree absorbs only 48 pounds of CO2 a year.

137 ☐☐☐ **climate** 기후

138 ☐☐☐ **perspective** 관점, 시각

139 ☐☐☐ **equivalent** (~에) 상응하는, 상당하는

From a climate perspective, each whale is the marine equivalent of thousands of trees.

140 □□□	**fertilize**	비옥하게 하다
141 □□□	**release**	~을 내보내다, 풀어주다
142 □□□	**nutrient-rich**	영양이 풍부한
143 □□□	**in turn**	결과적으로, 결국
144 □□□	**population**	개체(수)
145 □□□	**marine ecosystem**	해양 생태계

Whales also help sequester carbon by fertilizing the ocean as they release nutrient-rich waste, in turn increasing phytoplankton populations, which also sequester carbon — leading some scientists to call them the "engineers of marine ecosystems.

146 □□□	**economist**	경제학자
147 □□□	**International Monetary Fund**	국제 통화 기금(IMF)
148 □□□	**estimate**	추정하다, 추산하다

In 2019, economists from the International Monetary Fund (IMF) estimated the value of the ecosystem services provided by each whale at over $2 million USD.

149 □□□	**call for**	(공식적으로) 요구하다
150 □□□	**preindustrial**	산업화 이전의
151 □□□	**whaling**	고래잡이

They called for a new global program of economic incentives to return whale populations to preindustrial whaling levels as one example of a "nature-based solution" to climate change.

152 □□□	**restoration**	복원, 복구

Calls are now being made for a global whale restoration program, to slow down climate change.

153 □□□	**sequester**	격리하다
154 □□□	**phytoplankton**	식물성 플랑크톤

Whales also help sequester carbon by fertilizing the ocean as they release nutrient-rich waste, in turn increasing phytoplankton populations, which also sequester carbon — leading some scientists to call them the "engineers of marine ecosystems.

25번

155 ☐☐☐ **emission** 배출(량)

156 ☐☐☐ **coal** 석탄

The above graph shows per capita CO2 emissions from coal, oil, and gas by countries in 2022.

157 ☐☐☐ **major** 주요한, 중대한

Germany had lower CO2 emissions per capita than South Korea in all three major sources respectively.

158 ☐☐☐ **source** 원천, 근원

In Brazil, oil was the largest source of CO2 emissions per capita among its three major sources, just as it was in the United States and Germany.

159 ☐☐☐ **respectively** 각각, 각자

Germany had lower CO2 emissions per capita than South Korea in all three major sources respectively.

160 ☐☐☐ **per capita** 1인당

The above graph shows per capita CO2 emissions from coal, oil, and gas by countries in 2022.

26번

161 ☐☐☐ **physicist** 물리학자

Emilie du Chatelet, a French mathematician and physicist, was born in Paris in 1706.

162 ☐☐☐ **childhood** 어린 시절

During her childhood, with her father's support, she was able to get mathematical and scientific education that most women of her time did not receive.

163 □□□ **submit** 제출하다

164 □□□ **paper** (학술) 논문

165 □□□ **nature** 속성, 성질

166 □□□ **sponsor** 후원하다

167 □□□ **publish** 출간하다, 출판하다

In 1737, she submitted her paper on the nature of fire to a contest sponsored by the French Academy of Sciences, and it was published a year later.

168 □□□ **relativity** 상대성 (이론)

In her book, Institutions de Physique, Emilie du Chatelet explained the ideas of space and time in a way that is closer to what we understand in modern relativity than what was common during her time.

169 □□□ **significant** 주요한

170 □□□ **achievement** 성과, 업적

171 □□□ **translate** 번역하다

Her most significant achievement was translating Isaac Newton's Principia into French near the end of her life.

172 □□□ **recognize** 인정하다, 인식하다

173 □□□ **symbol** 상징, 표상

174 □□□ **Enlightenment** 계몽주의

175 □□□ **struggle** 투쟁, 분투

176 □□□ **participation** 참여, 참가

Emilie du Chatelet's work was not recognized in her time, but she is now remembered as a symbol of the Enlightenment and the struggle for women's participation in science.

188 □□□ **organizational** 조직(상)의

189 □□□ **viewpoint** 관점, 시각

190 □□□ **fascinating** 매력적인, 대단히 흥미로운

191 □□□ **contain** ~을 포함하다

192 □□□ **functional** 기능적인, 기능상의

193 □□□ **operation** 운영, 경영

From an organizational viewpoint, one of the most fascinating examples of how any organization may contain many different types of culture is to recognize the functional operations of different departments within the organization.

194 □□□ **department** 부서, 학과

A department and its members will acquire "tunnel vision" which disallows them to see things as others see them.

195 ☐☐☐ **varying** 다양한, 변화하는

196 ☐☐☐ **division** (조직의) 과[부/국]

197 ☐☐☐ **inevitably** 필연적으로

198 ☐☐☐ **biased** 편향된, 선입견이 있는

199 ☐☐☐ **prejudiced** 편파적인

200 ☐☐☐ **perspective** 관점, 시각

The varying departments and divisions within an organization will inevitably view any given situation from their own biased and prejudiced perspective.

201 ☐☐☐ **acquire** 가지다, 얻다, 습득하다

A department and its members will acquire "tunnel vision" which disallows them to see things as others see them.

202 ☐☐☐ **structure** 구조(물)

203 ☐☐☐ **conflict** 갈등[충돌]

The very structure of organizations can create conflict.

204 ☐☐☐ **mechanistic** 기계(학)적인

205 ☐☐☐ **organic** 유기적인

206 ☐☐☐ **profound** 깊은, 심오한

The choice of whether the structure is "mechanistic" or "organic" can have a profound influence on conflict management.

207 ☐☐☐ **vertical** 수직적인

208 ☐☐☐ **procedure** 절차[방법]

A mechanistic structure has a vertical hierarchy with many rules, many procedures, and many levels of management involved in decision making.

209 ☐☐☐ **management** 관리, 경영

The choice of whether the structure is "mechanistic" or "organic" can have a profound influence on conflict management.

210 ☐☐☐ **horizontal** 수평적인, 대등한

211 ☐☐☐ **in nature** 본래, 사실상

212 ☐☐☐ **centralize** 중앙 집중화하다, 중앙 집권화하다

Organic structures are more horizontal in nature, where decision making is less centralized and spread across the plane of the organization.

213 ☐☐☐ **hierarchy** 위계

A mechanistic structure has a vertical hierarchy with many rules, many procedures, and many levels of management involved in decision making.

30번

214 ☐☐☐ **alternative** 대안

An excellent alternative to calming traffic is removing it.

215 ☐☐☐ **reserve** ~을 마련해 두다

216 ☐☐☐ **extensive** 광범위한, 폭넓은

217 ☐☐☐ **lane** 도로, 길, 차선

218 ☐☐☐ **pedestrian** 보행자

219 ☐☐☐ **occasional** 수시의; 이따금씩의

220 ☐☐☐ **vehicle** 차량, 탈 것

Some cities reserve an extensive network of lanes and streets for bikes, pedestrians, and the occasional service vehicle.

221 ☐☐☐ **motivate** 동기를 부여하다

222 ☐☐☐ **rather than** ~보다는

This motivates people to travel by bike rather than by car, making streets safer for everyone.

223 ☐☐☐	**convert**	전환하다, 바꾸다
224 ☐☐☐	**automobile**	자동차
225 ☐☐☐	**accommodate**	수용하다

As bicycles become more popular in a city, planners can convert more automobile lanes and entire streets to accommodate more of them.

226 ☐☐☐	**nevertheless**	그럼에도 불구하고
227 ☐☐☐	**require**	필요로 하다

Nevertheless, even the most bikeable cities still require motor vehicle lanes for taxis, emergency vehicles, and delivery trucks.

228 ☐☐☐	**frequently**	자주, 흔히
229 ☐☐☐	**target**	(목표로 하는) 대상
230 ☐☐☐	**essential**	필수의, 없어서는 안 될
231 ☐☐☐	**component**	구성요소, 성분

Delivery vehicles are frequently a target of animus, but they are actually an essential component to making cities greener.

232 ☐☐☐	**tightly**	빽빽하게
233 ☐☐☐	**transporter**	운송 수단; 대형 트럭

A tightly packed delivery truck is a far more efficient transporter of goods than several hybrids carrying a few shopping bags each.

234 ☐☐☐	**distribute**	배포하다, 배급하다
235 ☐☐☐	**vendor**	상인
236 ☐☐☐	**operate**	운영하다
237 ☐☐☐	**resident**	주민, 거주자
238 ☐☐☐	**groceries**	식료품, 잡화

Distributing food and other goods to neighborhood vendors allows them to operate smaller stores close to homes so that residents can walk, rather than drive, to get their groceries.

239 □□□ **animus** 반감, 미움

Delivery vehicles are frequently a target of animus, but they are actually an essential component to making cities greener.

31번

240 □□□ **composer** 작곡가

The composer Antonio Salieri is the "host" of this movie; he's depicted as one of the most famous Nongreat composers — he lived at the time of Mozart and was completely overshadowed by him.

241 □□□ **misunderstand** 진가를 못 알아보다

You hear again and again that some of the greatest composers were misunderstood in their own day.

242 □□□ **composition** 곡, 악곡

Not everyone could understand the compositions of Beethoven, Brahms, or Stravinsky in their day.

243 □□□ **initial** 초기의

244 □□□ **lack** 부족, 결핍

245 □□□ **acceptance** 수용

246 □□□ **unfamiliarity** 낯섦, 잘 모름

The reason for this initial lack of acceptance is unfamiliarity.

247 □□□ **completely** 완전히, 전적으로

The musical forms, or ideas expressed within them, were completely new.

248 □□□ **effective** 유능한, 유력한

Effective composers have their own ideas.

249 ☐☐☐ **depict** 묘사하다, 그리다

250 ☐☐☐ **overshadow** 가리다, 그늘지게 하다

The composer Antonio Salieri is the "host" of this movie; he's depicted as one of the most famous Nongreat composers — he lived at the time of Mozart and was completely overshadowed by him.

251 ☐☐☐ **original** 독창적인

But he wasn't one of the world's great composers because his work wasn't original.

32번

252 ☐☐☐ **medium** 매체[수단] (pl. media)

253 ☐☐☐ **come along** 나타나다, 생기다

Every time a new medium comes along — whether it's the invention of the printed book, or TV, or SNS — and you start to use it, it's like you are putting on a new kind of goggles, with their own special colors and lenses.

254 ☐☐☐ **absorb** 흡수하다, 받아들이다

255 ☐☐☐ **particular** 특정한

So when you start to watch television, before you absorb the message of any particular TV show — whether it's Wheel of Fortune or The Wire — you start to see the world as being shaped like television itself.

256 ☐☐☐ **gently** 자연스럽게, 부드럽게

257 ☐☐☐ **according to** ~에 따라

258 ☐☐☐ **code** 방식

It is gently guiding us to see the world according to a new set of codes.

259 ☐☐☐ **surface** 표면, 지면

260 ☐☐☐ **appearance** 겉모습, 외모

TV teaches you that the world is fast; that it's about surfaces and appearances.

261 □□□ **concept** 개념

History has many examples of scientists who searched fruitlessly for an essence because they used the wrong concept to guide their hypotheses.

262 □□□ **vital** 필수적인

263 □□□ **essentialism** 본질주의

Concepts are vital to human survival, but we must also be careful with them because concepts open the door to essentialism.

264 □□□ **encourage** 부추기다, 조장하다

265 □□□ **present** 존재하는, 있는

They encourage us to see things that aren't present.

266 □□□ **proverb** 속담

267 □□□ **especially** 특히

Stuart Firestein opens his book, Ignorance, with an old proverb, "It is very difficult to find a black cat in a dark room, especially when there is no cat.

268 □□□ **statement** 말, 진술

269 □□□ **sum up** 요약하다

This statement beautifully sums up the search for essences.

270 □□□ **essence** 본질

271 □□□ **fruitlessly** 헛되이, 무익하게

272 □□□ **hypothesis** 가설 (pl. hypotheses)

History has many examples of scientists who searched fruitlessly for an essence because they used the wrong concept to guide their hypotheses.

273 ☐☐☐ **luminiferous** 발광의, 빛을 내는

274 ☐☐☐ **ether** 에테르(용매나 마취제로 쓰이는 알코올 추출물)

275 ☐☐☐ **substance** 물질

276 ☐☐☐ **medium** (~의) 매개체, 매개물

Firestein gives the example of luminiferous ether, a mysterious substance that was thought to fill the universe so that light would have a medium to move through.

277 ☐☐☐ **physicist** 물리학자

278 ☐☐☐ **theorize** 이론을 세우다[제시하다]

279 ☐☐☐ **evidence** 증거, 흔적

The ether was a black cat, writes Firestein, and physicists had been theorizing in a dark room, and then experimenting in it, looking for evidence of a cat that did not exist.

280 ☐☐☐ **potentially** 잠재적으로

281 ☐☐☐ **instrument** 도구, 기구

282 ☐☐☐ **achieve** 달성하다, 성취하다

283 ☐☐☐ **end** 목적, 목표

284 ☐☐☐ **celebrity** 명성; 유명인

285 ☐☐☐ **desire** 원하다, 바라다

286 ☐☐☐ **ordinary** 평범한, 보통의

287 ☐☐☐ **fame** 명성

While social media attention is potentially an instrument to achieve ends like elite celebrity, some content creators desire ordinary fame as a social end in itself.

288 ☐☐☐ **criticize** 비판[비난]하다

Not unlike reality television stars, social media celebrities are often criticized for not having skills and talents associated with traditional, elite celebrity, such as acting or singing ability.

289 □□□ **talent** (타고난) 재능

The elite celebrity is symbolized by the metaphor of the star, characterized by mystery and hierarchical distance and associated with naturalized qualities of talent and class.

290 □□□ **associated with** ~와 관련된

Not unlike reality television stars, social media celebrities are often criticized for not having skills and talents associated with traditional, elite celebrity, such as acting or singing ability.

291 □□□ **criticism** 비판, 비난

292 □□□ **highlight** 강조하다

293 □□□ **barrier** 장벽, 장애물

This criticism highlights the fact that digital content creators face real barriers to crossing over to the sphere of elite celebrity.

294 □□□ **phenomenon** 현상 (pl. phenomena)

295 □□□ **reconstruct** 재구성하다, 재현하다

However, the criticism also misses the point that the phenomenon of ordinary celebrity reconstructs the meaning of fame.

296 □□□ **symbolize** 상징하다

297 □□□ **metaphor** 은유, 비유

298 □□□ **characterize** 특징짓다

299 □□□ **hierarchical** 계층적인

The elite celebrity is symbolized by the metaphor of the star, characterized by mystery and hierarchical distance and associated with naturalized qualities of talent and class.

300 □□□ **frequent** 빈번한, 잦은

The ordinary celebrity attracts attention through regular and frequent interactions with other ordinary people.

301 ☐☐☐ **relatively** 상대적으로, 비교적

302 ☐☐☐ **scale** 척도 [범위]

303 ☐☐☐ **subscriber** 구독자

Achieving ordinary fame as a social media celebrity is like doing well at a game, because in this sphere, fame is nothing more nor less than relatively high scores on attention scales, the metrics of subscribers, followers, Likes, or clicks built into social media applications.

304 ☐☐☐ **sphere** 영역

This criticism highlights the fact that digital content creators face real barriers to crossing over to the sphere of elite celebrity.

305 ☐☐☐ **metric** 측정 기준

Achieving ordinary fame as a social media celebrity is like doing well at a game, because in this sphere, fame is nothing more nor less than relatively high scores on attention scales, the metrics of subscribers, followers, Likes, or clicks built into social media applications.

306 ☐☐☐ **illusion** 착각, 오해

307 ☐☐☐ **learning strategy** 학습 전략

Why do we have the illusion that cramming for an exam is the best learning strategy?

308 ☐☐☐ **differentiate** 구별하다, 구분 짓다

309 ☐☐☐ **various** 다양한, 여러가지의

Because we are unable to differentiate between the various sections of our memory.

310 ☐☐☐ **section** 구획, 부문

We feel as if we know it, because it is present in our short-term storage space ... but this short-term section has nothing to do with the long-term memory that we will need in order to recall the same information a few days later.

311 ☐☐☐ **immediately after** 직후에, 곧

Immediately after reading our textbook or our class notes, information is fully present in our mind.

312 ☐☐☐ **conscious** 의식적인, 의도적인

It sits in our conscious working memory, in an active form.

313 ☐☐☐ **short-term** 단기의

314 ☐☐☐ **storage** 저장, 보관

315 ☐☐☐ **have nothing to do with** ~와 아무런 관련이 없다

316 ☐☐☐ **long-term** 장기의

317 ☐☐☐ **recall** 기억해 내다, 상기하다

We feel as if we know it, because it is present in our short-term storage space ... but this short-term section has nothing to do with the long-term memory that we will need in order to recall the same information a few days later.

318 ☐☐☐ **working memory** 작업 기억(정보를 단기적으로 기억하며 능동적으로 이해하고 조작하는 과정)

It sits in our conscious working memory, in an active form.

319 ☐☐☐ **enormous** 엄청난, 거대한

320 ☐☐☐ **vanish** 사라지다, 없어지다

After a few seconds or minutes, working memory already starts disappearing, and after a few days, the effect becomes enormous: unless you retest your knowledge, memory vanishes.

321 ☐☐☐ **explore** 탐구[분석]하다

322 ☐☐☐ **over and over again** 반복해서

323 ☐☐☐ **improve** 향상시키다

324 ☐☐☐ **academic** 학업의, 학교의

Focusing on exploring new topics rather than reviewing the same material over and over again can improve your academic performance.

325 ☐☐☐ **essential** 필수적인

326 ☐☐☐ **material** 자료

To get information into long-term memory, it is essential to study the material, then test yourself, rather than spend all your time studying.

327 ☐☐☐ **cram** 벼락 공부를 하다

Why do we have the illusion that cramming for an exam is the best learning strategy?

36번

328 ☐☐☐ **profoundly** 완전히, 극심하게

329 ☐☐☐ **fundamental** 근본적인, 본질적인

330 ☐☐☐ **capacity** 능력

331 ☐☐☐ **observation** 관찰, 관측

The discovery of mirror neurons has profoundly changed the way we think of a fundamental human capacity, learning by observation.

332 ☐☐☐ **newborn** 갓난 아기, 신생아

You may not see the tongue stick out each time you stick yours out at your newborn, but if you do it many times, the tongue will come out more often than if you do something different.

333 ☐☐☐ **inborn** 선천적인, 타고난

334 ☐☐☐ **tendency** 성향, 기질

335 ☐☐☐ **stick out** ~을 내밀다

Newborns, in the first week of life, have an inborn tendency to stick out their tongue if their parents stick out theirs.

336 ☐☐☐ **imitation** 모방

Such imitation is not perfect.

337 ☐☐☐ **vacuum cleaner** 진공청소기

Later still, they play with vacuum cleaners and hammers in imitation of their parents.

338 □□□ **restrict** 국한하다, 한정하다

339 □□□ **by trial and error** 시행착오를 통해[거쳐]

Our modern cultures, in which we write, speak, read, build spaceships and go to school, can work only because we are not restricted to the behavior we are born with or learn by trial and error.

340 □□□ **babble** 옹알이하다

Babies babble and later start to imitate the sounds their parents produce.

37번

341 □□□ **recording** 녹음, 기록

Have you ever been surprised to hear a recording of your own voice?

342 □□□ **accent** 억양[악센트]

343 □□□ **pronounced** 강조된, 두드러진

Maybe your accent is more pronounced in the recording than you realized, or your voice is higher than it seems to your own ears.

344 □□□ **quite** 꽤, 상당히

This is of course quite a common experience.

345 □□□ **explanation** 설명; 해명

346 □□□ **fairly** 꽤, 상당히

The explanation is actually fairly simple.

347 □□□ **pathway** 경로, 길

Lower frequencies are emphasized along this pathway.

348 □□□ **perceive** 인지하다, 감지하다

There are two pathways through which we perceive our own voice when we speak.

349 ☐☐☐ **route** 경로, 길

350 ☐☐☐ **external** 외부의 [겉의]

One is the route through which we perceive most external sounds, like waves that travel from the air through the outer, middle and inner ear.

351 ☐☐☐ **vibrate** 진동하다, 떨다

352 ☐☐☐ **internal** 내부의, 체내의

But because our vocal cords vibrate when we speak, there is a second internal path.

353 ☐☐☐ **conduct** ~를 전하다

354 ☐☐☐ **stimulate** 자극하다

Vibrations are conducted through our bones and stimulate our inner ears directly.

355 ☐☐☐ **emphasize** 두드러지게 하다, 강조하다

Lower frequencies are emphasized along this pathway.

356 ☐☐☐ **vocal cords** 성대

But because our vocal cords vibrate when we speak, there is a second internal path.

357 ☐☐☐ **frequency** 주파수

Lower frequencies are emphasized along this pathway.

38번

358 ☐☐☐ **biologist** 생물학자

359 ☐☐☐ **distinguish** 구별하다

360 ☐☐☐ **similarity** 유사성

Biologists distinguish two kinds of similarity.

361 □□□ **analogous** 상사(相似)한, 닮은

362 □□□ **trait** (유전) 형질

363 □□□ **arise** 생기다, 발생하다

364 □□□ **evolutionary tree** 진화 계보

365 □□□ **organ** 기관, 장기

"Analogous" traits are ones that have a common function but arose on different branches of the evolutionary tree and are in an important sense not "the same" organ.

366 □□□ **independently** ~와 별개로

The wings of birds and the wings of bees are both used for flight and are similar in some ways because anything used for flight has to be built in those ways, but they arose independently in evolution and have nothing in common beyond their use in flight.

367 □□□ **homologous** 상동의, 상응하는

368 □□□ **in contrast** 대조적으로

369 □□□ **descend** 내려오다

370 □□□ **ancestor** 조상, 선조

371 □□□ **indicate** 보여주다, 나타내다

"Homologous" traits, in contrast, may or may not have a common function, but they descended from a common ancestor and hence have some common structure that indicates their being "the same" organ.

372 □□□ **modification** 변형

373 □□□ **forelimb** 앞다리

374 □□□ **mammal** 포유류, 포유 동물

The wing of a bat and the front leg of a horse have very different functions, but they are all modifications of the forelimb of the ancestor of all mammals.

375 ☐☐☐	**overall**	전체적인, 전반적인
376 ☐☐☐	**architecture**	구성, 구조
377 ☐☐☐	**property**	특성, 속성

To distinguish analogy from homology, biologists usually look at the overall architecture of the organs and focus on their most useless properties.

39번

378 ☐☐☐	**seawater**	해수
379 ☐☐☐	**an abundance of**	다량의, 많은
380 ☐☐☐	**dissolved oxygen**	용존 산소

Seawater contains an abundance of dissolved oxygen that all marine animals breathe to stay alive.

381 ☐☐☐	**establish**	확립하다
382 ☐☐☐	**physics**	물리학
383 ☐☐☐	**polar**	극지의
384 ☐☐☐	**tropical**	열대의
385 ☐☐☐	**relatively**	상대적으로, 비교적
386 ☐☐☐	**populate**	서식하다, 거주하다

It has long been established in physics that cold water holds more dissolved oxygen than warm water does — this is one reason that cold polar seas are full of life while tropical oceans are blue, clear, and relatively poorly populated with living creatures.

387 ☐☐☐	**global warming**	지구 온난화
388 ☐☐☐	**self-evident**	자명한

Thus, as global warming raises the temperature of marine waters, it is self-evident that the amount of dissolved oxygen will decrease.

389 □□□ **worrisome** 걱정스러운

390 □□□ **potentially** 잠재적으로

391 □□□ **disastrous** 파괴적인, 불행한

392 □□□ **consequence** 결과

This is a worrisome and potentially disastrous consequence if allowed to continue to an ecosystem-threatening level.

393 □□□ **analyze** 분석하다

394 □□□ **indicate** 보여 주다, 나타내다

395 □□□ **decline** 감소하다, 줄어들다

Now scientists have analyzed data indicating that the amount of dissolved oxygen in the oceans has been declining for more than a half century.

396 □□□ **rapidly** 빠르게

397 □□□ **corresponding** ~에 상응[해당]하는

398 □□□ **water temperature** 수온(水溫)

The data show that the ocean oxygen level has been falling more rapidly than the corresponding rise in water temperature.

399 □□□ **habitat** 서식지

400 □□□ **marine organism** 해양 생물

401 □□□ **displace** 쫓아내다

402 □□□ **population** 개체군, 집단

Falling oxygen levels in water have the potential to impact the habitat of marine organisms worldwide and in recent years this has led to more frequent anoxic events that killed or displaced populations of fish, crabs, and many other organisms.

403 □□□ **dissolved** 용해된

Seawater contains an abundance of dissolved oxygen that all marine animals breathe to stay alive.

404 ☐☐☐ **anoxic** 산소 결핍의

Falling oxygen levels in water have the potential to impact the habitat of marine organisms worldwide and in recent years this has led to more frequent anoxic events that killed or displaced populations of fish, crabs, and many other organisms.

40번

405 ☐☐☐ **in captivity** 갇힌 상태에서, 감금된

Capuchins — New World Monkeys that live in large social groups — will, in captivity, trade with people all day long, especially if food is involved.

406 ☐☐☐ **cucumber** 오이

If you put two monkeys in cages next to each other, and offer them both slices of cucumber for the rocks they already have, they will happily eat the cucumbers.

407 ☐☐☐ **universally** 일반적으로

408 ☐☐☐ **experimenter** 실험자

If, however, you give one monkey grapes instead — grapes being universally preferred to cucumbers — the monkey that is still receiving cucumbers will begin to throw them back at the experimenter.

409 ☐☐☐ **particular** 특정한

410 ☐☐☐ **comparison** 비교, 비유

411 ☐☐☐ **unfair** 부당한, 불공평한

Even though she is still getting "paid" the same amount for her effort of sourcing rocks, and so her particular situation has not changed, the comparison to another makes the situation unfair.

412 □□□ **furthermore** 게다가, 더욱이

413 □□□ **be willing to** 기꺼이 ~하다

414 □□□ **abandon** 포기하다, 그만두다

415 □□□ **communicate** (정보 등을) 전달하다

416 □□□ **displeasure** 불쾌함, 불만

Furthermore, she is now willing to abandon all gains — the cucumbers themselves — to communicate her displeasure to the experimenter. —> According to the passage, if the Capuchin monkey realizes the inequality in rewards compared to another monkey, she will reject her rewards to express her feelings about the treatment, despite getting exactly the same rewards as before.

41~42번

417 □□□ **school-leaving age** 졸업 연령, 의무 교육이 완료(되는) 연령

418 □□□ **category** 범주

419 □□□ **typically** 대체로, 일반적으로

Between 2000 and 2014, rates of participation in higher education almost doubled from 19% to 34% across the world among the members of the population in the school-leaving age category (typically 18-23).

420 □□□ **dramatic** 극적인

421 □□□ **expansion** 확대, 확장

422 □□□ **institution** 기관, 단체

423 □□□ **diverse** 다양한

The dramatic expansion of higher education has been marked by a wider range of institutions of higher learning and a more diverse demographic of students.

424 □□□ **political** 정치적인

425 □□□ **specialised** 전문화된, 전문적인

426 □□□ **workforce** 노동력

Changes from an elite system to a mass higher education system are associated with political needs to build a specialized workforce for the economy.

427 ☐☐☐	**expansion**	확대, 확장

The dramatic expansion of higher education has been marked by a wider range of institutions of higher learning and a more diverse demographic of students.

428 ☐☐☐	**skilled**	숙련된, 노련한
429 ☐☐☐	**diminish**	감소시키다, 약화시키다
430 ☐☐☐	**initiate**	시작하다
431 ☐☐☐	**approach**	접근 방법
432 ☐☐☐	**assessment**	평가
433 ☐☐☐	**lifelong learning**	평생학습

In theory, the expansion of higher education to develop a highly skilled workforce should diminish the role of examinations in the selection and control of students, initiating approaches to assessment which enable lifelong learning: assessment for learning and a focus on feedback for development.

434 ☐☐☐	**socio-political**	사회 정치적인
435 ☐☐☐	**expand**	확대하다, 확장하다
436 ☐☐☐	**contradiction**	모순

In reality, sociopolitical changes to expand higher education have set up a 'field of contradictions' for assessment in higher education.

437 ☐☐☐	**efficient**	효율적인, 유능한
438 ☐☐☐	**multiple-choice**	선다형의
439 ☐☐☐	**minimalist**	최소한의, 필수적인
440 ☐☐☐	**impersonal**	비개인적인, 인간미 없는
441 ☐☐☐	**standardised**	표준화된

Mass higher education requires efficient approaches to assessment, such as examinations and multiple-choice quizzes, with minimalist, impersonal, or standardised feedback, often causing students to focus more on grades than feedback.

442 □□□ **relatively** 상대적으로

443 □□□ **formative** 형성적인, 형성에 중요한

444 □□□ **academic** 학업의, 학교의

In contrast, the relatively small numbers of students in elite systems in the past allowed for closer relationships between students and their teachers, with formative feedback shaping the minds, academic skills, and even the characters of students.

445 □□□ **demographic** 인구 집단

The dramatic expansion of higher education has been marked by a wider range of institutions of higher learning and a more diverse demographic of students.

43~45번

446 □□□ **poet** 시인

Once upon a time in the Iranian city of Shiraz, there lived the famous poet Sheikh Saadi.

447 □□□ **philosopher** 철학자

Like most other poets and philosophers, he led a very simple life.

448 □□□ **merchant** 상인

A rich merchant of Shiraz was preparing for his daughter's wedding and invited him along with a lot of big businessmen of the town.

449 □□□ **accept** 수락하다, 받아 주다

450 □□□ **attend** 참석하다

The poet accepted the invitation and decided to attend.

451 □□□ **grand** 거창한, 웅장한

The poet wore simple clothes which were neither grand nor expensive.

452 □□□ **glance** 눈길, 흘긋 봄

He waited for someone to approach him but no one gave him as much as even a second glance.

453 □□□ **look away** 눈길을 돌리다

Even the host did not greet him and looked away.

454 □□□ **richly** 화려하게, 호화롭게

There he chose a richly decorated coat, which made him look like a new person.

455 □□□ **embrace** 껴안다, 포옹하다

456 □□□ **compliment** 칭찬하다

The host embraced him as he would do to an old friend and complimented him on the clothes he was wearing.

457 □□□ **personally** 직접, 개인적으로

The host personally led the poet to his seat and served out chicken soup to him.

458 □□□ **dip** (살짝) 담그다

After a moment, the poet suddenly dipped the corner of his coat in the soup as if he fed it.

459 □□□ **feast** 진수성찬, 대접

All that I can say now is that this feast is meant for my clothes, not for me."
